**REACH Declaration of Conformity in accordance with
Regulation (EC) No. 1907/2006**

Current SVHC list from February 4, 2026, with 253 entries

Dear Customer,

As a manufacturer and supplier of articles/mixtures, we, BBC Cellpack GmbH, comply with our information obligations in accordance with Article 33 of the REACH Regulation (EC) No. 1907/2006."

We hereby confirm that we comply with the applicable requirements of the REACH Regulation and that we regularly monitor our supply chain regarding substances of very high concern (SVHC) in accordance with the Candidate List of the European Chemicals Agency (ECHA).

Information according to Article 33(1) of REACH

- We would like to point out that the products supplied by us contain substances listed on the current SVHC Candidate List. The substances in question are listed individually in the annex, including their names, CAS and EC numbers, along with the corresponding products.
[Candidate List of substances of very high concern for Authorisation - ECHA](#)
- In accordance with Article 33(1) REACH, we provide this information to you because the respective substances are present in our products at concentrations above 0.1 percent by weight.

Based on the current state of knowledge and available information, the use of the products is permissible.

Regarding the SVHC substances contained, we are currently not aware of any specific use restrictions or authorization requirements. However, it cannot be ruled out that legal or regulatory requirements may change or that new information may become available. For certain technical applications, substitution of the contained SVHC substances is, according to the current state of knowledge, not feasible in the short term. The substances fulfill a technically essential function that cannot be replaced by currently available alternative substances in a technically or economically equivalent manner.

A potential substitution would require extensive changes to product design, manufacturing processes, and application validation, and would therefore require an appropriate development and evaluation phase. Regardless of this, the availability of suitable alternative substances is regularly reviewed in accordance with regulatory requirements.

When used as intended and in compliance with the customary safety and handling instructions, no risks to human health or the environment are expected according to the current assessment. The information relevant for safe use can be found in the respective current Safety Data Sheets (SDS) as well as in the associated product information. Please note that this information is provided for technical and informational purposes only and does not constitute legally binding advice, a warranty, or a guarantee.

Monitoring of REACH Compliance

- We continuously monitor:
- Updates to the SVHC Candidate List
- Amendments to Annex XVII (restrictions for substances, mixtures and/or articles)
- Relevant substances listed in Annex XIV (authorisation requirements)

To the best of our knowledge and based on information from our supply chain, our products comply with the applicable requirements of the REACH Regulation. Should any changes that occur that affect our delivered products, we will, of course, inform you immediately. Upon request, we will gladly provide you with information on Substances of Very High Concern (SVHCs) in our products.

Please provide the exact article number and contact us at: material.compliance@cellpack.com.

Kind regards

Waldshut-Tiengen, 16. February 2026

BBC Cellpack GmbH

Markus Schmidt
CFO

ppa. Jasmin Reineck

Mixtures

Soft Gel (Article No. 364723)

- D4 (Octamethylcyclotetrasiloxane, CAS No. 556-67-2, EC No. 209-136-7) – included on the Candidate List since 27 June 2018
- D5 (Decamethylcyclopentasiloxane, CAS No. 541-02-6, EC No. 208-764-9) – included on the Candidate List since 27 June 2018

GM1: (Article No. 143224 (8 g), Article No. 434382 (8 g), Article No. 464515 (80 g))

- O, O, O-Triphenyl phosphorothioate, CAS No. 597-82-0, EC No. 209-909-9 – included on the Candidate List since 21 January 2025

Resin UG: (Article No. 306186), available until the end of Q1 2027

- Triphenyl phosphate, CAS No. 115-86-6, EC No. 204-112-2 – included on the Candidate List since 07 November 2024

Articles

SR1F Thin-wall heat-shrink tubing
SR1F3 Thin-wall heat-shrink tubing
SB Heat-shrink tubing in dispenser boxes
SRUM Medium-wall heat-shrink tubing
SRFH2 Medium-wall heat-shrink tubing
SRFH3 Thick-wall heat-shrink tubing

All types – article numbers – are affected

- 1,1'-(Ethane-1,2-diyl) bis[pentabromobenzene] (DBDPE), CAS No. 84852-53-9, EC No. 284-366-9 – included on the Candidate List since 05 November 2025

Exemptions:

Certain aluminium and copper alloys remain subject to exemptions under the relevant legal provisions (e.g. RoHS Annex III / exemption rules), for example in connection technology, provided that the maximum concentration limits specified in the respective exemptions are not exceeded.

- Lead, CAS No. 7439-92-1, EC No. 231-100-4 – included on the Candidate List since 27 June 2018

Legal Bases:

Exemption 6(b): Commission Delegated Directive (EU) 2018/740 of 1 March 2018 amending Annex III to Directive 2011/65/EU of the European Parliament and of the Council regarding an exemption for lead as an alloying element in aluminium (up to 0.4%).

Exemption 6(c): Commission Delegated Directive (EU) 2018/741 of 1 March 2018 amending Annex III to Directive 2011/65/EU of the European Parliament and of the Council regarding an exemption for lead as an alloying element in copper (up to 4%).

All our articles containing an SVHC substance at concentrations above 0.1% are registered in the SCIP database.
